CANADIAN RED CROSS SOCIETY

The parcels of food for British prisoners of war in Germany which the Canadian Red Cross is shipping overseas, will soon be increased from 10,000 a week to 20,000. The British Red Cross has requested the Society in Canada to double its shipments. Dr. Fred W. Houtley, National Commissioner announced today. To accomplish this, the Red Cross in Mon-

tréal is preparing to pack 10,000 parcels a week to keep pace with Toronto's figure.

The first allotment of 8,000 parcels, despatched last month, has reached Lisbon safely according to a cable received from Colonel Iselin, International Red Cross representative there. There will be forwarded immediately to Geneva via Marseilles for distribution in German prison camps. The number of parcels packed in Toronto to date totals 49,000 and this figure is being increased at a rate of 2,000 a day.

PARROT-FISH CAN BITE NAILS IN TWO. ITS TEETH FORM A SOLID MASS IN EACH JAW

THE WEEK IN EDMONTON

First session of the ninth Legislature opened Thursday last when, of the customary pomp and ceremony. Nevertheless, there was a representative gathering of visitors, all admitted to the galleries only by ticket. No persons other than those whose duties took them there were admitted to the floor of the chamber, as old, Civic and Royal Canadian Mounted police provided guards, and two military representatives accompanied His Honor on his arrival.

The Throne Speech continued, as is usual, promise of legislation to come. More— it stated definitely that no new taxation was projected, that social and health services were to be expanded, that before unable to meet their obligations would be given protection. First actual business, presiding the delivery of the Speech was the election of a Speaker. Hon. Peter Dawson was again honored, his nomination being unanimous. J. H. Walker, opposition leader, complimented Mr. Dawson and said the opposition heartily concurred in the choice of the speaker.

In the old days, business commenced with the introduction of a token bill, which was a traditional formality. During the term of office of the Brownie government this practice was dropped, and actual legislation was introduced. This year the new practice was followed, an amendment to the Alberta Evidence Act being introduced by Hon. William Aberhart. The bill provides for private banks to make microphotographic records of depositors' accounts and to offer them as evidence, thus obviating the necessity to maintain extensive storage facilities and permitting destruction of the voluminous originals.

At this opening, 25 members took their seats for the first time. Of this number, 15 were Independents, 9 Social Crediters, and one Labor. Following announcement from Ottawa that the federal government would no longer continue relief grants to the provinces, the Alberta government has stated through Hon. Dr. W. W. Cross that the increased charges will not be passed on to municipalities. Since municipal revenue is derived mainly from property, and any increase would have borne heavily on to property class, this assumption by the province has won wide approbation. It is considered, in view of the all out effort to train workers for industry, that in a year or so only unemployables will be left on the relief rolls of the country, so no new tax sources have been opened up to provide for the immediate increased expenditure, which amounts to about \$800,000.

Wide interest was aroused by the paragraph in the Throne Speech that invited federal officials were not opposed to the extension of Alberta's boundaries northward to include the vast mineral areas of that region. With promise of capital expansion there during and after the war, and the possibility of the Alaska Highway, observers are forecasting the evolution of a well balanced agricultural-industrial social structure in the territory that may be Greater Alberta.

Department of Agriculture Notes— More live stock was marketed in Alberta in 1940 than in any previous year. The total number of cattle, calves, sheep and swine marketed amounted to 2,029,615 head, compared with 1,545,576 head in 1939 and average marketings of 1,651,507 head for the 6 years, 1932 to 1940 inclusive.

The largest increase occurred in swine, which jumped from 978,898 to 1,465,372 head, an increase of nearly 52 per cent. These marketings created a record for swine for Alberta.

No exports of live stock were made to Great Britain in 1940, but exports to the United States from Canada amounted to 152,856 head of cattle, 75,685 calves, 245 hogs and 3,552 sheep and lambs.

Grain Mites— Reports of damage to stored grain from grain mites continue to be received by the Provincial Department of Agriculture. While the great majority of cases of infestation still refer to elevators and elevator annexes, it is expected that infestation will presently be found in farm bins as well. Elevator agents report finding grain mites in samples of wheat taken from farmers' wagons. Farmers are, therefore, beginning to inspect their granaries to see if their wheat is free of the pest.

The grain mite is an extremely small insect-like organism. It is practically white in colour and difficult to detect with the naked eye. Anyone with an appreciable amount of wheat on hand should inspect it for this pest. They are more likely to appear in old wheat, or in wheat with more

TUDOR

A BRIDAL SHOWER THAT "WHEELED" ITS WAY TO VICTORY

It was a very happy occasion last Friday, February 21st, when three hundred people gathered in the Tudor Hall to honor Mr. and Mrs. Kenneth Hendry of Tudor.

Besides having the pleasure of welcoming a charming new bride to the community, the evening was rendered more specially interesting by the running off, during the evening, of 12 Victory Wheels. Fifty dollars worth of war savings stamps were sold. Mr. and Mrs. Kenneth Hendry were married at the United Church, Ponoka, on Wednesday, February 13th, and moved into their Tudor home last Monday.

The bride, a former resident of Ponoka, looked very lovely in her wedding gown of white satin. Her parents, Mr. and Mrs. J. Prochaska, and her sister Barbara, were present, as well as Mrs. W. R. Hendry, mother of the bridegroom.

The bridegroom operates the garage at Tudor. He was formerly attached to Rockford Motors. His mother Mrs. W. R. Hendry has a farm at Blindfold. The young pair, on their entrance, were escorted to a child's wagon, and taken for a ride. Only this was a gay, jolly ride, around the hall lined with their many friends. The wagon was drawn by Robert Bell of Tudor. Trailing behind this wagonload of felicity were Stoney and Dimpsey, two dogs and young Alan Dunsmore. The forlorn aspect of these two animals, contrasted with the gay mood of the two on the wagon brought hells of laughter from the onlookers. Young Brian Clements, a four year old, was so fascinated with the entrancing procession, that he followed, too, bringing up the rear with an unlooked for, and hilarious effect.

An orchestra of the bridegroom's friends provided music for dancing. Mr. Winfield Schaefer and Mr. Frank Hughes, came out from Calgary especially to play for the shower; and Mr. Alphonse Stitt, Mr. Bert and Mr. Vicco Petersen were the local musicians. Following a delightful lunch, Mr. Arthur Dunsmore introduced the bride and her family to the gathering. Later, the young couple were presented with a set of dishes and a set of silverware from the community, as well as receiving many other very nice gifts.

Both bride and groom replied very aptly. The victory wheel, which functioned so splendidly all evening, is to be kept and made a feature at all future events of this sort. A permanent record is to be kept of the different spins, and winning names recorded. Mr. Art Dunsmore made the wheel.

Mrs. C. A. Brown, who was in charge of all the shower arrangements, is to be congratulated on the splendid success of the evening. Mrs. T. M. Henderson is recuperating nicely after her operation at the Holy Cross Hospital last week. We all hope that she will be home again soon.

Winners of Victory Wheel Spins— Mr. A. Lyons, Baintree; Mrs. R. S. Payne, Tudor; Mrs. M. Stachewski, Rockford; Mrs. D. Kelton, Tudor; Frank Hughes, Calgary; Miss Lorna Rosenberger, Baintree; R. G. Bustard, Rosebush; Mr. Charles Short, Rockford; Mr. Leslie Hughes, Calgary; Mr. J. Prochaska, Ponoka; Mrs. K. A. Hendry, Blindfold; Miss B. Prochaska, Ponoka.

R. B. Farrell presents "Between Ourselves" every Sunday over the CBC national network at 10:15 a.m. (CST, 9:15 MST). In these informal chats, Mr. Farrell discusses current events in the sphere of war, varied with occasional talks on topical and literary subjects.

than a normal mixture. Inquiries concerning grain mites should be forwarded to the Field Crops Branch, Department of Agriculture, Edmonton, which is giving special attention to the problem.

Darrel: "He's afraid to."

Georgina: "Afraid?"

Darrel: "Yes, he has no backbone."

Bergeant: "A pistol? Automatic?"

Gunner Mason, (G): "No, I want shot it myself!"

I held her gently while we danced, I tried my best to smile; And every now and then I glanced At those who watched her style.

The dance would never end, I thought It was, indeed, too long. I clung on like a fighter, taught To listen for the song.

At last, the music stopped by chance, And as the boys passed by, They asked us if we liked the dance— The Chaparran and I!

ANNUAL MEETING OF WHEATLAND S. D.

The annual meeting of the electors and ratepayers of Subdivision No. 4 of the Wheatland School Division No. 40 was held at the town hall, 22nd Street, on Saturday, February 22nd. Superintendent Mr. M. MacLeod, the Secretary of the Division H. A. Wilson, Mr. Wm. Burns, trustee for the subdivision, and electors from nearly all local school districts attended.

Superintendent Mr. MacLeod, Mr. MacLeod, M. A., gave a very detailed report for the year 1940, covering matters of interest to ratepayers, such as operation of schools, attendance of pupils, teaching staff, supervision, advanced instruction, new schools and repairs, supplies and equipment. Libraries, health services special instruction and fairs and sports. This was followed by an interesting general discussion, in which nearly all ratepayers present joined.

The financial statement for the year 1940 was read and accepted.

The following resolutions were unanimously adopted—

"WHEREAS the immediate pro-

ject of increased taxes being imposed by the Federal Government in an effort to meet the exceedingly heavy expenditures caused by the War effort is a certainty and

"WHEREAS the prospects for increased revenue from Farm Products in the near future is out of the question.

"Therefore be it resolved that the ratepayers in Subdivision No. 4 assembled at our Annual Meeting, instruct our Trustees to insist that there be no further increase in taxes for educational purposes within the boundaries of the Wheatland School Division, for the duration of the War."

The meeting expressed general approval of the fact that the school in this subdivision during the past year.

The Annual General Meeting for Subdivision No. 1 will be held at Strathmore on Saturday, March 30, 1941.

REFORMATION OR REVOLUTION IN DANCE HOURS

WITH the full understanding of dancing we will be dubbed (by some) Early Victorian, and very reactionary, nevertheless we "now take our pen in hand" to declaim against the prevailing custom of very late dance hours. Dances where people do not attempt to gather until 11 or 11:30 and carry on to 3 is in the face of reasonable pleasure giving entertainment, a contradiction in action.

How much more sane would it be to have the dance commence at 9 or 9:30 and conclude at 1 a.m.

For example, the senior student at school, the man at his business or in the office, are not capable of giving efficient thought to their work and physically and mentally they are burning the candle at both ends.

There is only one result to this, a prematurely broken body or mind.

On the other hand the earlier hours would permit of a more convenient hour for a host or hostess to entertain at dinner, taking their guests later to the dance, whereas at present this time is broken so as to be unsatisfactory for both hosts and guests.

But our main contention is the health problem.

There is in this age a growing consciousness of preserving the health, rather than mending after illness has been incurred.

We know some young people who do approve of the earlier hour and would gladly adopt the change—who will start the campaign?

We solicit the opinion of the various Town organizations or individuals.

—1941—

CANADIAN CITIZENSHIP WITHIN THE EMPIRE

The 1941 Census?

WE are in hearty accord with those dissenting persons who feel that taking the Dominion Census, could be very well dispensed with this year, particularly in view of the fact that the National Registration taken last autumn, would furnish all essential information for the present, and a registration at the conclusion of the war would give new and necessary statistics that would be very valuable and essential in giving the altered status of the population that will inevitably result when hostilities cease.

The \$2,000,000 approximate cost of the census taking, we believe could be much more wisely expended in war materials at this time.

We would also strongly urge that before another census is taken, a definite Canadian nationality should form one of the divisions of the Census form. Canada has arrived at a point where it is playing a large and responsible part in fighting the forces of oppression, rampant in the world today. Internally she is progressing and developing to an extent unprecedented and unexpected. Then why should her citizens, who are true Canadians and proud to be Canadians, be subjected to the confused classification that now prevails? It does not make for a contented Canadian Unity.

In England they do not go back to enquiring who were Julius and Augustus, they are today all English, and should it be with Canadians who are loyal citizens.

Naturally we realize that Canada is a very young country, of some 70 years Nationhood—but events move much faster in the 20th century.

To support our contention, we quote from a contemporary's letter in Saturday's Calgary Herald.

"I, too, am Canadian, and nothing else but, for generations. Yet they make our family group back to an old Irish great-grandfather. I don't feel Irish. There is really a stronger Pennsylvania Dutch influence in the family. Our tradition goes back no further than pioneer days in eastern Canada. We have no experience to link us with any other country. I get such a lost, homeless feeling every time my own country tells me up with that old Irishman whom I never saw."

It is impossible that this reaching back into the past can have reliable value, and it does harm in impressing racial differences which do not exist in Canadian fact. With many people, family records for more than two or three generations are little more than guess.

Any man who has lived in this country for 50 years is a quite different person from his brother who has remained in the old land. Or he should be if he is doing fairly by Canada. The development of this new land, new conditions of living and responsibility, new outlooks, all contribute toward making an individual who is not English nor Norwegian, nor Dutch, but Canadian.

And with the second generation, and some later marrying, old racial traits blend to create our real Canadian, distinct and different.

This should be our pride. We are Canada, products of the air, the skies, the space, the rivers, the mountains and plains; a happy union of many races. Why does the govern-

ment not glorify unhyphenated Canadian nationality, instead of thrusting us back into the confusion of racial origins?

BAN SATURDAY EVENING POST FOR ANTI-BRITISH PROPAGANDA

Toronto Telegram

Anti-British rancor and propaganda that is subversive to the Empire's cause reached new heights when the Saturday Evening Post, which continues to be admitted into Canada notwithstanding the rising sentiment to ban it, based as has been the first of smaller publications whose offenses were no more grievous.

By specious arguments in its editorial and subtle insinuations in its articles the Saturday Evening Post has impugned our honesty and sincerity in taking up the fight, discredited British leaders and questioned the power of Britain to survive. For reasons which we do not know the Post is so bold as to allow itself to be hated for Britain, which in peace time could be disregarded, but in war time we see no reason why it should be so treated. It is to continue to dump its insulting propaganda on Canadian doormats.

The proper treatment for this periodical would be to ban it. Entirely and we doubt whether there would be any objections from American administration circles or that it would cause the American people to lose any the less of us, except possibly the violently anti-British group. While the Dominion government prosecutes the subscribers to the Post can express their feelings, as many are now doing, by cancelling their subscriptions.

TRAGIC DEATH OF DR. BANTING

The world of medical research has lost a much needed man by the tragic death of Dr. Banting. His discovery of insulin as treatment for diabetic sufferers has restored health and lessened suffering to many thousands.

Administering relief to the wounded pilot while his own heart was quickly growing weaker, bespeaks the true physician, in his desire to lessen suffering.

It is often said that "possession is nine points of the law." These nine points which ensure success in a lawsuit have been described as—a good deal of money, a good deal of patience, a good cause, a good lawyer, a good counsel, good witnesses, a good jury, a good judge, and good luck.

Cascade Dam Project

Work on the new Cascade Power Project at Lake Minnewanka has been gaining speed since January 15, when the contractor began work on the dam construction.

The volume of the dam will be approximately 700,000 cubic feet. Lake Minnewanka will be raised 6 feet above the present elevations and increase the lake by some 180 acres. A deep canal will be constructed from Lake Minnewanka through the gap, through Summit Lake (Two Jack Lake) and extended approximately two and a quarter miles south to a transition section with 2200 feet of 10

THE FARMERS' INCOME

The income of farmers in the Prairie Provinces has been rising steadily since 1933, but it is still far from adequate. The above chart, prepared by the Pioneer Grain Company, shows changes over the past 15 years. It will be noted that farm income during 1940 was \$327,000,000 compared with \$239,000,000 during 1926, a reduction of 40 percent. Income from products other than wheat is becoming more important.

Koch, Kathleen and Marguerite Scott,
Jean Kermack and Myrna Collison.
The young guests thoroughly enjoyed
the afternoon in various games fol-
lowed by an abundance of choice re-
freshments. As a token of remem-
brance they presented Colleen with a
birthday book and a snapshot album.

Mr. Morrison, Mrs. Wright's brother
is looking after the store during Mr.
Wright's absence.

Mr. and Mrs. R. N. Biddle are leaving
Friday on a holiday trip to Toronto,
where they will visit their sons
Frederic and Wilfrid and other
friends.

Rev. S. H. Hunt attended a meeting
of Presbytery held in Knox Church,
Calgary Tuesday last.

Mr. and Mrs. T. H. Patterson were
hosts Tuesday evening when they en-
tertained at a very delightful dinner
of three tables. Congenial
guests, bright conversation and keen
games passed the hours all too quick-
ly. Winners of high scores were Dr.
and Mrs. Giffen.

Mr. and Mrs. Lyall Campbell who
left Strathmore to reside in Drum
heller about 1 1/2 years ago are now
residing in Red Deer.

The regular meeting of St. Mich-
ael's W. A. was held Tuesday evening
at the home of Mrs. Jack Downey.
Routine business was discussed and
plans made for St. Patrick's Tea.
The speaker to the W. A. Dipsom An-
nual will be held in Calgary March 4
and 5, to which the delegates are
Mrs. Downey, Mrs. Patrick, Mrs. Hyde,
Mrs. MacKenzie and Mrs. Leslie
Pearson.

CARSELAND
SILVER WEDDING
Mr. and Mrs. Standley were the recipi-
ents of a case of beautiful Commu-
nity silver and silverware on Wed-
nesday evening, March 27th, 1941.
The wedding anniversary, which
was celebrated on Friday evening
last in the United Church.

They were accompanied by their
four daughters.

Miss Edith Standley contributed a
couple of readings on the program.
Other numbers were a song by Rev.
H. Clegg and violin solo by Mr. H.
Thiel. Mr. Clark accompanied the
community singing and Mr. Cole pre-
sided as chairman.

Following the presentation which
was made by Mrs. Barlow tables were
spread at which about sixty people en-
joyed the lunch served by the ladies.

A lovely wedding cake decorated
with flags adorned the table set for
the honored guests. The singing of
"For They Are Joyful Good Fellows,"
"Auld Lang Syne" and the National
Anthem brought to a close a very
happy and enjoyable evening. Con-
gratulations were extended to Mr. and
Mrs. Standley by their many friends.
Sickness prevented quite a number
from being present to join in the cele-
bration.

The regular meeting of the Young
People's Society was held at the
school on Wednesday evening Feb.
27th. The program following the busi-
ness meeting was directed by Mr.
Clark the Principal, consisting of a
play by Harry Christensen and his
two sisters, a reading by Mr. Clegg,
and a number of contests. Lunch was
served after which the young people
indulged in dancing for a while.

On Wednesday afternoon February
27th a shower for Woods Christian
Home in Calgary was held at the United
Church under the combined un-
sponsored of the Ladies Aid and the P. B.
Club. Generous contributions includ-
ing several sacks of potatoes, eggs,
butter and other victuals were deliv-
ered at the church. A tea was serv-
ed at which a group of Ladies from
Calgary were the special guests.
These ladies were officials and repre-
sentatives of the W. M. S. of the United
Church, Calgary Presbytery. They were
Mrs. Kemp, president; Mrs. Beatty,
superior of Mission House; Mrs. Wodell,
Mrs. (Gert) Harbuck; Mrs. Beatty
was the guest of the Mission Band at
the paragonage that afternoon and Mrs.
Harbuck gave a very inspiring and
informing address on the work of the
W. M. S. in Alberta. Mrs. Kemp spoke
briefly as President of the W. M. S.
and Mrs. Barlow in a very fine speech
expressed a vote of appreciation and
thanks to the Calgary ladies for their
visit.

Calgary district notes the loss
of an old timer in the passing of Mrs.
Nat Anderson, whose funeral was
held at Calgary on Thursday the
26th inst. Mr. Anderson was highly
esteemed by his neighbors and friends
of the community and deepest sym-
pathy is felt for his sorrowing widow
and daughter. A large number of friends
from Calgary attended the funeral.

NAMAKA

The card party which was post-
poned on account of the cold weather,
will be held in the hall Wednesday,
March 6th.

Mrs. Jake Thiesen is visiting with
her brother in law and his wife at
Grassy Lake.

There was a very small attendance
at the dance Friday night owing to
the cold weather.

There was no United Church Service
in Namaka Sunday, March 24th, as
having joined with Strathmore in a
special curling club service there
Sunday evening. Church service was
conducted in Namaka next Sunday morn-
ing.

We are sorry to hear Mr. Gossen
has had a relapse of the flu, and we
trust he will soon be better.

The measles are still with us.

LANGDON

Complimenting her mother, Mrs. R.
Crilly, whose 75th birthday was on
February 23rd, Mrs. J. Bates enter-
tained sixteen ladies on Saturday af-
ternoon. Contests were enjoyed, Mrs.
G. Crilly and Mary Bishop winning
prizes. Delicious refreshments were
served. The guest of honor was pre-
sented with a number of gifts. Mrs.
H. Meaton of Three Hills was an out-
of-town guest who spent several days
at the Bates and Crilly homes.

Mr. and Mrs. R. Dye and family of
Bowden, Alberta visited on Sunday at
the B. L. Albertson home.

The regular meeting of the local
Red Cross was not held on Tuesday
owing to flu, measles and weather
conditions. The date of the next meet-
ing will be announced.

NEW SOCIAL ORDER COMING?
This was a revolution. It is the
impact of new economic forces com-
ing into collision with static political
institutions. We can take it for granted
that the old social order is passing.
It cannot be made to fit into our modern
world. How and with what to re-
place it is the question with which
the whole world struggles today. As a
freedom-loving people we refuse to ac-
cept Communism, Nazism or Fascism as
the new order, and against their
domination we are prepared to fight
to the death. Equally true is the fact
that we are becoming convinced that
a continuance of that kind of democ-
racy which permits poverty in the
midst of plenty is intolerable. North

MARVEL OF AIRPLANE CONTROL
A WIDE COLLAR
The sailor's square collar hanging
down his back for some distance is a
relic of the old days when seamen
wore their hair in a pigtail, which
was kept well greased. The grease
soiled the back of the coat or tunic,
and so an official order was given
that all sailors were to wear detach-
able collars that could be removed
and washed when necessary. The
wide collar has continued to the pre-
sent day as part of the sailor's uni-
form, although the need for it has
passed.
